Dear Parent/ Guardian,

Screening America will be at ***Chamberlain HS on Thursday November 29th 2018*** performing heart screenings on any young person ages 12- 34. We are on a mission to save lives through our Sudden Cardiac Death Screening program. Our screening aids in the detection of Sudden Cardiac Death in young people. Screening America has been featured on Eye on Keloland for our Sudden Cardiac Death Screening program. Please click on this link to watch the story.

http://www.keloland.com/newsdetail.cfm/a-heart-for-the-game/?id=125783

Each screening includes:

1. Limited echocardiogram (heart ultrasound)
2. 12 Lead EKG
3. Bilateral Blood pressure
4. Health history evaluation
5. Evaluation for Marfan syndrome
6. Board- certified cardiologist review.

If your child is getting screened there are three required forms; a health history questionnaire, a Marfan questionnaire, and a parental consent form. These forms are available on our website at http://screening-america.com/screening/what-to-expect/. Please have your child bring the three completed forms to their appointment. They must be signed for the student to participate in the screening.

The cost is only $89.00. You can pay by check, cash, credit card, or flex spending card. We also have a sibling discount which consists of a half price screening for each sibling after one sibling has paid full price (the 1st sibling is $89 and each sibling thereafter is $44.50). Payment can be made to Screening America. Dr. Towe with Sioux Falls Pediatric Cardiologist will review the heart screenings and you will receive the results in the mail in about three to four weeks.

Please go to our website for more information, www.screening-america.com

Thank you for caring about your child's heart health!

SCREENING America

Sudden Cardiac Death Prevention Screening

Please fill out this **Health History**, the **Marfan questionnaire**, and sign the **Consent form**. Bring all three with you to your appointment. Thanks!

Name:_____ **M:**____ **F:**____ **Age:**_____ **Date of Birth:** ___/___/_____

Ethnicity: __American Indian __Asian __Black/African American __Latino/Hispanic __White/Caucasian

SCREENING America

Agreement, Consent & Release of Liability

The undersigned persons hereby agree to the administration by Transmed, Inc. (dba Screening America) of a heart screening (including a blood pressure reading, an electrocardiogram, and an echocardiogram) on the Patient for the limited purpose of obtaining data that can be used to detect indications of possible Hypertrophic Cardiomyopathy, which has been shown to be a leading cause of sudden cardiac death in young people. The undersigned persons understand the screening and resulting data do not always result in the discovery of existing abnormalities, are provided for informational purposes only, do not in any way constitute a medical diagnosis, and that additional procedures not provided by Transmed, Inc. will be required in the event a medical diagnosis is desired. The undersigned persons acknowledge and agree it is their sole responsibility to consult with Patient's personal physician with regard to the results of this screening and to obtain any follow-up care determined by that physician to be appropriate. Further, the undersigned persons understand that this screening is not a complete physical exam, and is not a substitute therefor.

The undersigned persons agree that they have truthfully disclosed all of Patient's health related history and information, and all their questions about the screening have been answered. The undersigned persons understand that Transmed, Inc. will provide Patient's medical health information and the data obtained from this screening to an independent, third-party physician for review, and they consent thereto. The undersigned persons further acknowledge and agree that said physician's review and decision as to the normalcy or abnormality of Patient's screening results is not the act of Transmed, Inc., is being provided independently of Transmed, Inc., and Transmed, Inc. is not responsible or liable for such physician's review or decision as to normalcy or abnormality.

The undersigned persons, on behalf of the Patient, themselves and their legal representatives, heirs, successors and assigns, do hereby release and forever discharge Transmed, Inc. (dba Screening America), and its agents, employees, successors and assigns, from any and all claims, losses, costs, expenses, and damages of any kind involving or related to errors, omissions, or negligence in the performance of the screening procedures or involving errors, omissions, negligence or intentional misconduct by the third-party physician in reviewing the screening data or determining the normalcy or abnormality of such data. Without limiting the foregoing, the undersigned persons agree that if any condition exists that is not detected by the screening, Transmed, Inc. (dba Screening America), and its agents, employees, successors and assigns, shall not be held liable.

I HAVE READ THIS AGREEMENT, CONSENT AND RELEASE OF LIABILITY, UNDERSTAND ITS TERMS, UNDERSTAND THAT I AM GIVING UP SUBSTANTIAL RIGHTS BY SIGNING IT, AND HAVE SIGNED IT FREELY AND VOLUNTARILY WITHOUT ANY INDUCEMENT, ASSURANCE OR GUARANTEE MADE TO ME. FURTHER, I INTEND MY SIGNATURE TO BE A COMPLETE AND UNCONDITIONAL WAIVER AND RELEASE OF ALL LIABILITY OF TRANSMED, INC. (dba SCREENING AMERICA), AND ITS AGENTS, EMPLOYEES, SUCCESSORS AND ASSIGNS TO THE GREATEST EXTENT ALLOWED BY LAW.

Patient's Name: _____ Signature: _____ (if over 18)

Signature of Parent or Legal Guardian: _____ (if Patient is a minor)

SCREENING America

Marfan Syndrome Characteristics

Marfan syndrome is an inherited (genetic) disorder that affects the body's connective tissue. The disorder can affect the heart, blood vessels, bones, eyes and/or lungs.

Check the box of any of these features you are aware that you have:

- ☐ **Tall and slender**
- ☐ **Arms, legs, fingers and toes that seem disproportionately long**
- ☐ **Flat feet**
- ☐ **Highly arched palate and crowded teeth**
- ☐ **Joints that are too flexible**
- ☐ **Learning disability**
- ☐ **Nearsightedness**
- ☐ **Small lower jaw (micrognathia)**
- ☐ **Spine that curves to one side (scoliosis)**
- ☐ **Thin, narrow face**
- ☐ **Chest that sinks in - funnel chest, or sticks out - pigeon chest**
- ☐ **Heart palpitations**
- ☐ **Hernias**
- ☐ **Hunched back (kyphosis)**
- ☐ **Stretch marks, not from pregnancy or obesity**
- ☐ **Deviated septum**
- ☐ **GERD – gastro esophageal reflux disease**
- ☐ **Degenerative disk disease**
- ☐ **Leaky heart valve**
- ☐ **Mitral valve prolapse**
- ☐ **Long thin fingers**

This information is provided to the best of my knowledge
